

## Build + Partner + Support + Fund = BPSF

With these words in mind, the Bellingham Public School Foundation (BPSF) enters its third year of renewal with energy, intention, and purpose, fueled by the interest and support shown by so many in our community!

On behalf of the board of trustees and all those who share our passion for ensuring the best possible education for all students in Bellingham Public Schools, thank you for your generous contributions to BPSF.

Since the spring of 2011 when the revitalized board came together for our first meeting, BPSF has received over \$300,000 in gifts from individuals, local companies, and foundations. These contributions have been provided nearly \$100,000 in grants to schools and the district for programs that would have otherwise gone unfunded.

Please see our website for a detailed list of school grants made in the last two years. (<http://foundation.bellinghamschools.org>)

In addition, BPSF has established an investment fund as a long term source of means. This makes the organization robust and sustainable and, ultimately, leads to more resources for funding district and school priorities now and in the future.

We look forward to continuing our work in partnership with the Bellingham School District to fund the priorities defined by the Bellingham Promise, the district's strategic plan.

Thanks again for your interest and support. Together, we can truly make possibilities a reality!

Gennie Clawson  
Executive Director
