

TRANSFORMING EDUCATION THROUGH GENEROSITY

At the Bellingham Public Schools Foundation, we strive to provide the resources so each child, in every school, feels healthy, engaged, supported, and challenged. Thanks to our generous donors, BPSF grants to Bellingham Public Schools last year exceeded more than \$235,000 to better realize that vision.

Some of the Foundation's highlights from the 2016-2017 School Year include:

- Awarding more than \$50,000 in grants to expand the One Schoolhouse approach, striving to ensure every child has the means to meet their unique potential.
- Partnering with our middle school level PTSAs, re-shaping fundraising across the district with a focus on equity.
- Revamping our competitive grants program for educators - awarding more than \$30,000 to propel great teaching and encouraging innovation in the classroom.

At BPSF, we believe our future is brighter when our local public schools have the resources to help all children succeed. We go to work each day to ensure our community has a vibrant school system full of opportunity, equity and innovation – work that wouldn't be possible without the generous support of donors like you.

With gratitude,

Ashley Kimberley

STATEMENT OF PROGRESS
2016 - 2017

FOUNDATION DOLLARS IN ACTION

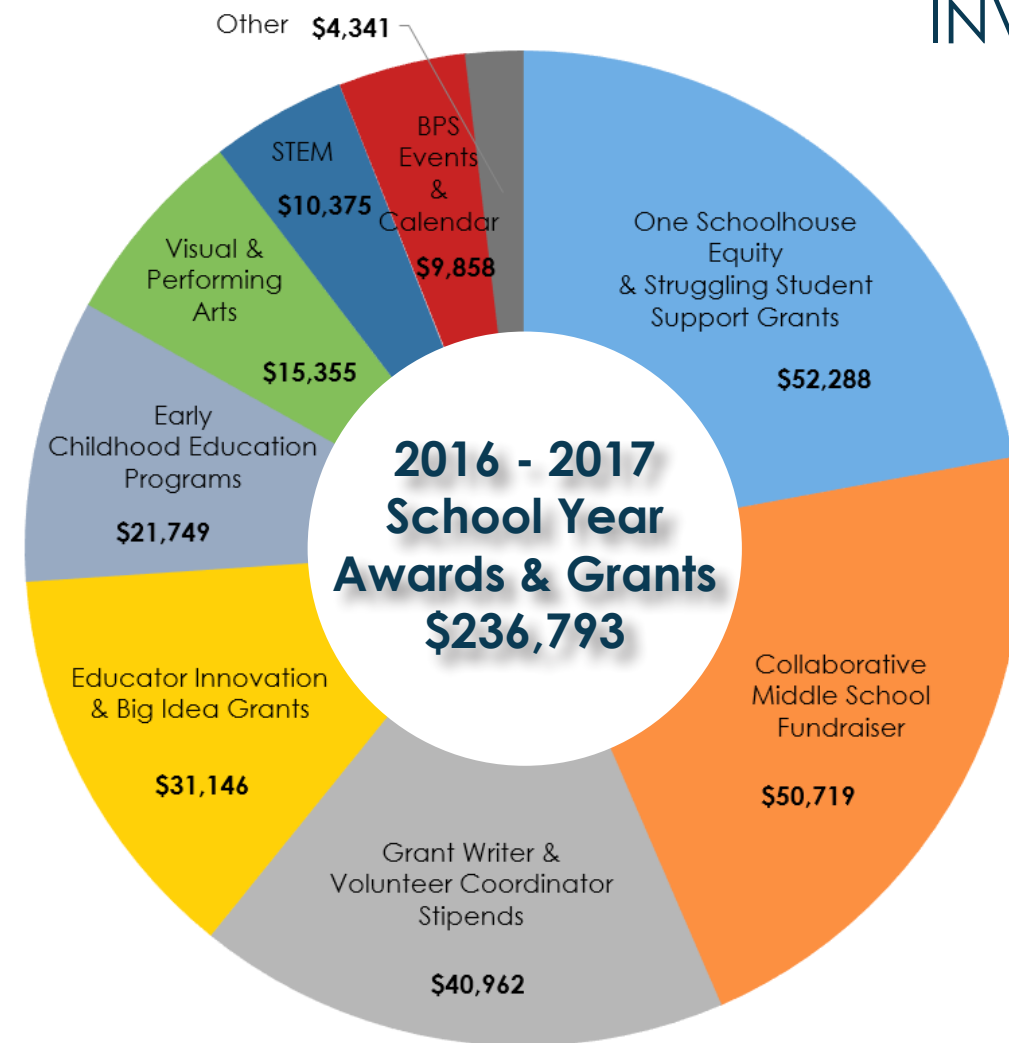

Last year, BPSF gave \$5,000 to Options High School to support their project based learning model and new maker spaces.

"We could not have made anything in the maker spaces without the support of the Foundation. Thank you for the support to purchase the tools for these important spaces in our new school!"
Byron Gerard, OHS Principal
